 **Account Messages from Ameren Illinois**

Find sources of electric generation supplied by Ameren Illinois to customers who have not chosen another retail electric supplier at AmerenIllinois.com/Renewables. Call 1.800.755.5000 and request the Environmental Disclosure if you prefer a print version of this information.

Electric Delivery Service Rate Adjustment

Pursuant to the order in Docket No. 25-0083, charges have changed for electric delivery services effective with the January 2026 billing period. In addition, this bill may contain electric supply charges which have been prorated. Proration occurs when part of your bill has charges on old rates and part of your bill is charged on new rates. Learn more about rates, energy saving tips, tools and incentives at AmerenIllinois.com. (Req. Sec. 410, 210).

 **Safety Messages from Ameren Illinois**

Important Message for Gas Customers - Be Safe If you ever smell gas, call Ameren Illinois at 1.800.755.5000 to investigate the problem. We respond to gas odors 24 hours a day, 7 days a week and there is no charge.

Electric Safety

Start the new year right and resolve to prevent electrical accidents in your home and in your life. Learn more at SafeElectricity.org.

 **Tips from Ameren Illinois**

Receive a 15% bonus cash incentive by completing your energy efficiency upgrade by March 31, 2026. For more information, visit AmerenIllinoisSavings.com/Bonus.

 **Questions?** Contact Ameren Illinois at **1.800.232.2477** or visit **AmerenIllinois.com/Contact** to connect with Customer Service online. Please contact your energy provider for assistance before calling the Illinois Commerce Commission (ICC) at 1.800.524.0795.

OUR COMMITMENT TO RELIABILITY:

WE ARE READY

Severe weather, falling trees, high winds, lightning, and equipment damage can cause power outages. We know there's never a good time to lose power at home, so we work year-round to strengthen the grid and keep the lights on. Here's how:

- **Smart Grid Technology:** Our smart grid uses sensors and switches to identify power disruptions and fix them quickly. This keeps outages from spreading and restores power faster.
- **Tree-Trimming Programs:** We trim branches near power lines to reduce outages during storms.
- **Upgrading Equipment:** More resilient equipment like storm-hardened poles, underground lines, and reinforced transmission infrastructure help prevent outages.
- **Storm Preparation:** We monitor weather 24/7 to pre-position crews and resources before major storms hit.

The best time to prepare for a storm is before it arrives so we can keep the power on — no matter the weather.

One quick and simple way that you can prepare is to sign up for outage alerts now by texting REG to A-M-E-R-E-N.
